THIS IS UNEVALUATED INFORMATION

1. The group of buildings located approximately six kilometers from Pils along the railroad line toward Pirov, is called the Rt Fabrika. This factory has recently been completed and consists of four or six buildings constructed of concrete. There is a railroad siding and a loading platform at the factory.
2. The buildings were constructed by engineers who came from the Russian occupied zone of Germany, as well as from other satellite nations. It has been publicly announced that the factory would manufacture radios and radio parts but several of the employees state that the factory will produce gas masks and poisonous gases.
3. A sketch indicating the location of the plant is attached.
